

Control Box

JCB35NH2SE

TECHNOLOGY
DRIVES INTELLIGENT LIFE

Datasheet

JCB35NH2SE

Features

- Number of control columns: 1-2
- Color: black
- Shell: ABS
- Assembly method: fixed on the tabletop
- Overload protection
- Overheat protection
- Short circuit protection
- Slow start and slow stop
- Speed: 20-35mm/s
- Power cord: The power cord is pluggable, and the plug type and length can be customized
- Anti-collision function
- Certification: CE, ROHS2.0, REACH

Options

- Compatible with all F-port power supply accessories, such as Bluetooth receiver box
- Compatible with JCHT35K38B handset, JS37DX column, and other columns or handsets require changing the control box program
- Lithium battery box

Usages

- Duty cycle: 10%, Max 2min @300W+
- Usage environment: Indoor
